PROJECT

VMAS

Vehicle Maintenance Assistance System: Simplifying accident aftermath. This web app aids in connecting accident victims with qualified advocates and reliable repair shops. Gain efficient legal and repair help, save time, and ensure environmental responsibility. Streamlined, trustworthy, and cost-effective.

HAPPY HOME

Happy Homes: Your pathway to the perfect home. We link you with skilled engineers, provide real-time material cost updates, and offer Base, Medium, and Premium housing categories. Seamlessly connect, build dreams, careers, and futures with us.

MOMS KITCHEN

A web app connecting bachelors with homemade meals prepared by job-seeking moms. Users explore menus, order, and pay, providing income opportunities. Admin manages users, moms, and feedback. Empowering appetites and livelihoods.
